FROM: SAC, PHILADELPHIA (52-7165 Sub A)

SUBJECT: MEDBURG

Enclosed for the Lab is a copy of a memo of SA THOMAS F. LEWIS dated 8/1/69 and a leaflet entitled "Quaker Tells of Work for FBI".

For the information of the Laboratory the enclosed memo was one of the documents stolen in captioned case. On 4/16/71

At the announcement he displayed a copy of an FBI document.

b6
b7C
b7D

On 5/15/71 delivered the enclosed memo to the Philadelphia FBI with a note that he had received it from the Friends Peace Committee (FPC). He said the blue ink notations are his, but the writing under the ink was on the document when he received it. He said further the notations under the ink may have been made by the FPC or by the group furnishing the document to the FPC, presumably the Citizen's Commission to investigate the FBI (CCIF).

REQUEST OF THE LAB

1. Will attempt to remove the blue ink from the enclosed memo to determine if the notations under the ink are sufficiently distinct for comparison purposes.
2. If the covered writing is comparable, compare it with handwriting specimens furnished in draft board cases.
3. Examine typing on enclosed leaflet to determine if style is identical to that appearing on documents originating with the CCIF.

A review of Philadelphia file 174-822 entitled, "Unsub; Fire Bombing of Bauer Hall Classroom, Claremont Men's College, Claremont, California, 1/5/71; Bombing Matters," indicates that serial 1 of this file was charged to a Media, Pennsylvania, Resident Agent as of the time of the burglary of the Media Resident Agency. This serial is missing and presumed to have been stolen.

A review of this serial disclosed that investigation by our Los Angeles Office indicated that [redacted] was in Claremont at the time of the bombing. [redacted] was one of several individuals involved in [redacted] and his conduct at that time resulted in [redacted]. The serial, which is missing, disclosed this background and set out a lead for Philadelphia to contact [redacted] Pennsylvania. The lead requested that she be contacted to obtain from her the current residence of her husband, if known, and that she be interviewed regarding any information she might have concerning her husband's recent activities.

There were no sources set forth in the serial and the lead for interview of [redacted] was a logical investigative step. It is not believed that the theft of this serial will compromise the Bureau's operation. There is no known reason to advise the Attorney General.

Re PH airtel to AL, 4/25/71. U

Referenced airtel instructed various offices to submit to the Laboratory printed flyers put out by subjects when they surfaced in draft board break-in cases, as well as other printed materials put out by the perpetrators in such cases. U

A review of Indianapolis files reflects that Indianapolis file 25-20777 (Bureau file 25-603391) contained such material. U

By airtels dated 11/10/69 and 12/5/69, Indianapolis submitted all pertinent typed flyers and pertinent literature in the matter entitled, "UNSUBS, aka. "Beaver 55", ET AL, SSA; DGP". U

By return letters dated 11/26/69 and 12/5/69, the Laboratory advised that typewriter comparisons were made and that photos of materials submitted by Indianapolis were retained. U

The FBI Laboratory is requested to compare pertinent items submitted by Indianapolis in Bureau file 25-603391, with documents submitted in MEDBURG case to determine whether typewriters used are same. U

The Bureau is requested to compare items submitted and photographed by the Laboratory for comparison to items in MEDBURG for any similarity of composition. U
